REPORT OF FIRE WARDS.

To the Citizens of Ashland we beg to submit the following report:

This has been another very fortunate year for the town as regards fire damage, for which we should be very thankful. On March 24, the house owned and occupied by Albert Huckins caught fire from an overheated chimney. This was put out with hand extinguishers and garden hose. The buildings were insured for \$1,800 and damage for \$42.50 was paid.

May 4, an alarm from box 66 was rung in for fire on the roof of Mrs. O. D. Thompson's building. There was no water damage at this fire. Buildings insured for \$6,500 and damage of \$10 was paid by the insurance company.

On May 5, the forest fire signal was rung in for fire on land of Mr. Rogers, and on May 10, for fire in New Hampton. May 12, July 1, November 9, small forest fires were attended to by fire warden and help.

January 30, 1912, a chimney fire in building of Mrs. M. A. Pierce was extinguished with no damage.

February 9, an alarm from box 68 was rung in for a bad chimney fire at the school house. A large hole was burned through the roof. The fire was extinguished with chemicals. Damage to the building \$25, insured for \$8,000.

On the night of February 16, the house and barn owned by Gus Moulton was totally destroyed. Cause unknown. The buildings were worth \$1,800, insured for \$800. Owing to the distance from town and the fire so well started when discovered the firemen did not make any attempt to render assistance.

The fire department is in first class condition and we think better organized than it ever was before. The fire wards recommend an appropriation of \$500 to defray the expenses of the coming year.

REPORT OF BOARD OF EDUCATION.

ASHLAND SPECIAL SCHOOL DISTRICT.

During the year several important changes have taken place in our schools.

The second year course of the High school has been established necessitating the employment of an assistant teacher, and we secured the services of Miss Bertha Payson, a graduate of Brown University, and she has filled the position in a very satisfactory manner.

There are now thirty-five pupils in the High school, eight of whom pay the district \$40 each a year, coming from outside district and other towns and we hope to increase this number in the near future.

This year the third year in the High school course will be established and it will be necessary to fit up a chemical laboratory.

Owing to the crowded condition of the graded building last fall, we were obliged to put the fourth grade in the town building for a few months, and in behalf of the district, we extend to the firemen, our thanks for the use of their hall.

The new High school building is completed and enough furniture installed for our present needs and the High school and seventh and eighth grades are now located there.

Owing to the small pox epidemic last fall, our attendance was somewhat broken up, and we would take this opportunity to urge all parents to see that their children attend all sessions of school unless prevented by sickness or some other unavoidable reason.

At the last school meeting the district voted to withdraw from the supervisory district, and this leaving us without a superintendent, Mr. William H. Buker, principal of

the High school has had general supervision of all the grades, and has performed all the duties in a very able and satisfactory manner.

Our teachers are:

High school,	Mr. William H. Buker, Principal
	Miss Bertha A. Payson, Assistant
1st grade,	Miss Mildred E. Smith
2nd “	Miss Mary E. Cheney
3rd “	Miss Alice M. Williams
4th “	Miss Winnifred B. Weeks
5th, 6th “	Miss Mabel M. Estes
	Miss Alice I. Rogers
7th, 8th “	Mrs. Florence E. Hillsburg

As required by law we herewith submit the following estimates for the next year:

For text books, supplies and appurtenances,	\$1,200 00
For payment of district notes and interest,	2,200 00
